

# PRODUCT SAFETY DATA SHEET

Ref: COARSE COMPOUND Date: 08.10.01 Page: 1

## 01. IDENTIFICATION OF SUBSTANCE / PREPARATIONS:

**Product name:** Coarse Compound  
**Description:** For professional use only  
**Supplier:** MB Products (UK) Ltd  
t/a MB Coatings  
Unit 230 Ampress Business Park  
Lymington Hampshire SO41 8JW  
Tel: 01590 677676 Fax: 01590 678578 [www.mbcoatings.co.uk](http://www.mbcoatings.co.uk)

## 02. COMPOSITION / INFORMATION ON INGREDIENTS:

Description	CAS No	% (age range)	Classification
Petroleum Distillates	64742-47-8	1-10%	R65

The texts of the R phrases are listed in chapter 15

## 03. Hazards Identification:

**Harmful**

### **Risk Warnings**

May cause irritation to eyes due to abrasive powders present. Ingestion may cause vomiting with risk of lung damage by aspiration.

## 04. First Aid Measures:

### **General**

In all cases of doubt, or when symptoms persist, seek medical attention.

### **Inhalation**

Remove patient to fresh air & seek medical assistance. If breathing is irregular or stopped, administer artificial respiration. Give nothing by mouth. If unconscious place in recovery position.

### **Skin Contact**

Remove contaminated clothing. Wash skin with soap & water, rinse abundantly.

### **Eye Contact**

Contact lenses should be removed. Irrigate copiously with clean, fresh water for at least 15 minutes, holding the eyelids apart & seek medical advice.

### **Ingestion**

Do NOT induce vomiting. Keep the patient warm & at rest & call a doctor immediately.

## 05. Fire-Fighting Measures:

### **Suitable Extinguishing Media**

Product is not flammable. Water may **NOT BE** used to extinguish fire but it should be used to cool the containers exposed to flames & prevent fires & explosions. Do not allow run-off from firefighting to enter drains or watercourses.

### **Special Protective Equipment**

Appropriate breathing apparatus, helmet with face shield, protection for neck may be required.

### **Addition information**

Cool closed containers in the vicinity of the source of fire.

## 06. Accidental Release Measures:

### **Person Protective Measures**

Refer to protective measures listed in sections 5. Exclude sources of ignition & ventilate the area. Avoid breathing vapors.

### **Measures to Protect the Environment**

Do not allow to enter drains or watercourses. If the product enters drains or sewers, the local water

company should be contacted immediately; in the case of contamination of streams, rivers or lakes the Environment Agency.

## Cleaning Measures

Contain and collect spillage with non-combustible absorbent materials e.g. sand, earth, & place in a suitable container for disposal according with the waste regulations (see section 13). Clean preferably with a detergent; avoid the use of solvents.

---

## 07. Handling and Storage:

### Handling

#### Instructions for Safe Handling

Proper chemical handling procedures should be adopted. Ensure adequate ventilation. Avoid skin & eye contact. Avoid inhalation of vapor, for personal protection comply with the Health and Safety at work laws.

#### Information on Fire and Explosion Protection

Keep container dry and tightly closed in a cool well-ventilated place.

#### Storage

Keep container tightly closed. Close containers carefully once opened & store upright in order to prevent any leakage. No smoking. Prevent unauthorized access.

#### Additional Information on Storage Conditions

Store at temperatures between 0°C & 35°C. Always keep in containers of the same material as the original one. Observe label precautions. Store in a well-ventilated place away from sources of heat & direct sunlight. Keep away from sources of ignition.

#### Specific use(s)

Detailed information can be gained from the relevant technical data sheets.

---

## 08. Exposure Controls / Personal Protection

### Engineering Measures

Provide adequate ventilation. If these are not sufficient to maintain concentrations at the work place below the occupational exposure limits, appropriate certified respirators must be worn.

### Exposure

Substance Name	CAS NO	Recommended OEL
Petroleum Distillate	64742-47-8	300ppm (8 hour TWA)

### Personal Protection

#### Respiratory Protection

When workers are facing concentrations above the occupational exposure limited they must use appropriate certified respirators, goggles and overalls.

#### Hand Protection

Wear protective gloves.

#### Eye Protection

Required when there is a risk of eye contact. Use tight-fitting protective goggles.

#### Skin Protection

Suitable protective clothing.

### Environmental exposure controls

See section 7 and 12

---

## 09 Physical and Chemicals Properties

Physical state	: Beige emulsion (Oil-in-water)
Odour	: Mild pine
Specific gravity	: 1.37 (approx.)
Boiling Point	: 165°C
Flash Point	: >70°C
Volatile Organic Compounds	: 100 grams per litre (approx.)
Solubility in water	: Dispersible

This product container hydrocarbon solvents but due to its viscosity it is not classified as HARMFUL.

---

## 10. Stability and Reactivity

Stable under recommended storage and handling conditions (see section 7)

---

# PRODUCT SAFETY DATA SHEET

## 11. Toxicological Information

If ingested, may cause burning of mouth, throat & alimentary canal. May cause vomiting with risk of aspiration.

---

## 12. Ecological Information

### General

This product should not be allowed to enter drains or watercourses. If the product enters drains or sewers, the local water company should be contacted immediately; in the case of contamination of streams, rivers or lakes the Environment Agency. May cause long term adverse effects in the aquatic environment.

---

## 13. Disposal Considerations

Do not allow into drains or water courses or dispose of where ground or surface waters may be affected.

### Recommendation

Wastes including emptied containers are controlled wastes and should be disposed of in accordance with regulations made under the Control of pollution & Environmental Protection Act

---

## 14. Transport Information

**Transport by Road or Rail** – This product is not classified dangerous for carriage

---

## 15. Regulatory Information

### Classification

### Harmful

#### Safety Warnings

- S2 : Keep out of reach of children.  
S26 : In case of contact with eyes, rinse immediately with plenty of water & seek medical Advice.  
S62 : If swallowed do NOT induce vomiting, seek medical advice & show Product label

#### **For use in industrial installations only.**

---

The information of this Safety Data Sheet is based on the present state of our knowledge and on current EU and national laws. The product is not to be used for other purposes than those specified under section 1 without first obtaining written handling instruction. It is always the responsibility of the user to take all necessary steps in order to fulfill the demand laid down in the local rules and legislation. The information in this SDS is meant as a description of the safety requirements of our product: it is not to be considered as a guarantee of the products` properties.
